Getaway From Utah  
State Prison

SALT LAKE, Feb. 22.—No clue to the whereabouts of Charles Harris, 40, leader of a band of automobile thieves, who escaped from the state prison yesterday, had been found this morning. Harris escaped yesterday when outside the prison. Harris suddenly dropped a box of sweepings he was carrying from the warden's apartment to the prison dump and disappeared into some brush. He was later seen running toward the city.

Harris was arrested last summer by Detective Jack Egbert, in a garage on West Temple street. Harris, who posed as an automobile tourist here, sought his case in court, but was sentenced to an indeterminate term in the state prison. Seven of the thirteen automobiles stolen by Harris' gang have been recovered. He is said to have a wife and two children living at Price, Utah.

Bread with Raisins is a  
Better Food

Forget, for a moment, the delicious flavor of raisin bread and think of its value as a food.

Raisins furnish 1560 units of energizing nutriment per pound, as well as natural iron which brings the rose tint to women's and children's cheeks.

The raisin's pure fruit sugar is in practically predigested form, so it is almost immediately assimilated. This fruit-food value added to the nourishment of wheat, forms an almost ideal food.

Send 'round the corner or telephone to your grocer or bake shop for a loaf of Sun-Maid Raisin Bread or bake a loaf at home according to the recipe below.

The raisin flavor permeates the bread. Try the bread plain, with or without butter. Learn what delicious toast it makes.

Serve at least twice a week to break the monotony of plain bread.
